Discover the French know-how & higher education  
in sciences & technologies  
Paris

# "n+i" Rendez-Vous

**7 days  
in France**  
December. 5-11, 2021

## Discover the French know-how & higher education in sciences & technologies

*provisional program*

### Objective

The objective of this exceptional event is to host a selection of future "ambassadors" of the French HE consortium of institutes to students from your country in preparation for their "study abroad" project.

Discover and appreciate not only the French culture but also get an insight into the French know-how in Science and Technology and top higher education institutes.

### Cultural activities

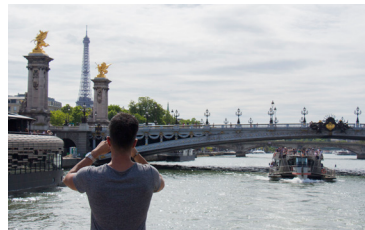

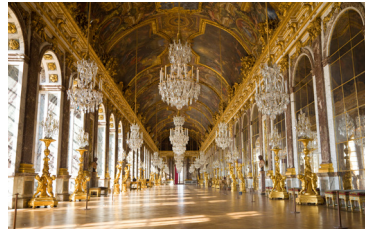

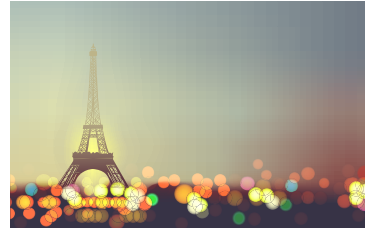

Cruise on the river Seine  
Eiffel tower  
Montparnasse tower  
The palace of Versailles

### Network n+i

Top-training engineering studies  
in France

The Network «n+i» is a consortium fully accredited of French "Grandes Ecoles d'Ingénieurs".

These schools have elected to combine their international cooperation operations so as to offer a better service to French and foreign students.

### Scientific activities

Enhance your knowledge of the French know-how in Science and Technology

Meeting with French officials in Higher Education  
French Engineering Institutes association and "n+i" Consortium  
National Accreditation Agency for Engineering institutions  
Civil engineering : Defense Arena at La Défense  
Tour of the "Versailles " Palace  
Visits of four Engineering institutions and Research Laboratories  
Visit of Synchrotron "SOLEIL"  
A flavor of Cultural life in France (Paris)

**50** engineering  
institutes

**All areas of Science and  
Technology**

**400** study  
programs

**be our guest in Paris  
December 5 - 11, 2021**

**Apply now!**

**Application form**  
**Rendez-Vous "n+i"**  
**Discover the French know-how & higher education**  
**in sciences & technologies**  
**Paris, December 5<sup>th</sup> - 11<sup>th</sup>, 2021**
