Taught in French or English

• Programmes

During a
Bachelor

- **PURE** 2 months English taught programmes. A week in Paris for visits of research labs, meeting with top researchers. + 7 weeks of research + Cultural visits
- **GET** 5 months Governance of Engineering and technological programmes English taught programmes. 2 months on governance of engineering + 3 months , projects management or research or internship

After a
2-year
diploma
no
Bachelor

- **Pre-DI** 1 year Pre diplôme d'ingénieur: Foundation year before a 3-year diplôme d'ingénieur for students who have not a Bachelor but a diploma after minimum 2 years of higher education (taught in English, French). 1+3 years of DI.
French and/or English taught courses, mathematics, sciences, to be well prepared to Master studies in France

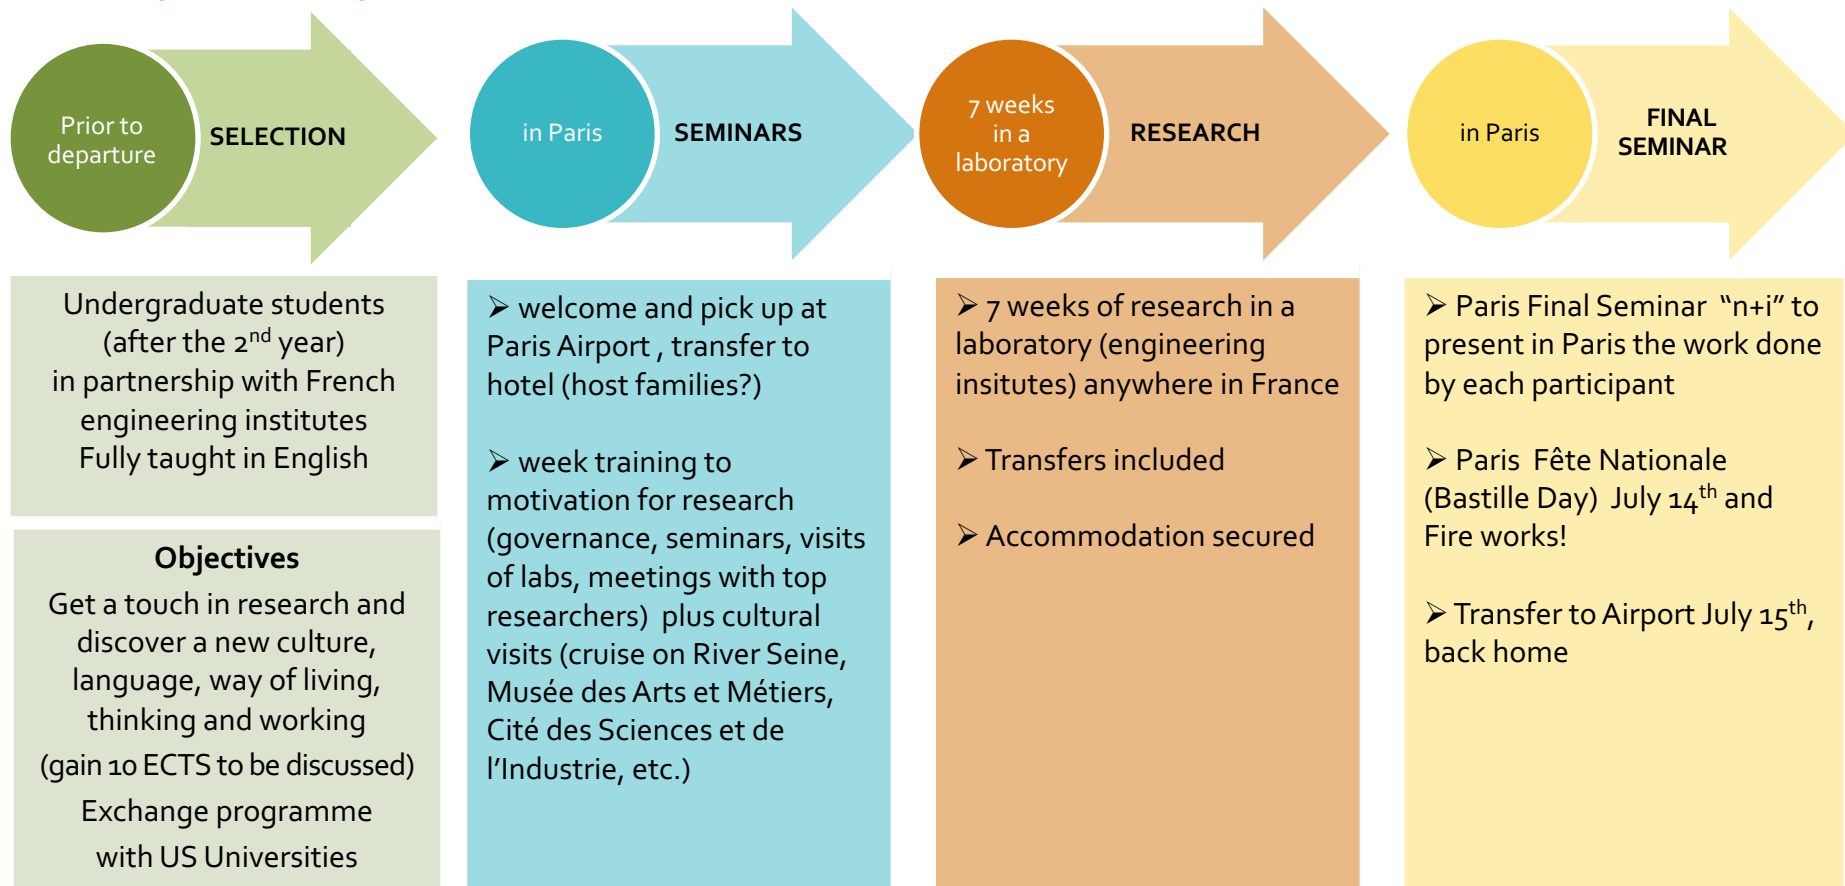

all
levels

- **Rendez-vous** 15 days Discover France with a unique cultural and linguistic experience associated with a new insight into scientific, technological and industrial know-how (different places and topics)

During a
Bachelor

• Programme for Undergraduate Research in Engineering – PURE English taught- 2 months

Mid-May till Mid-July

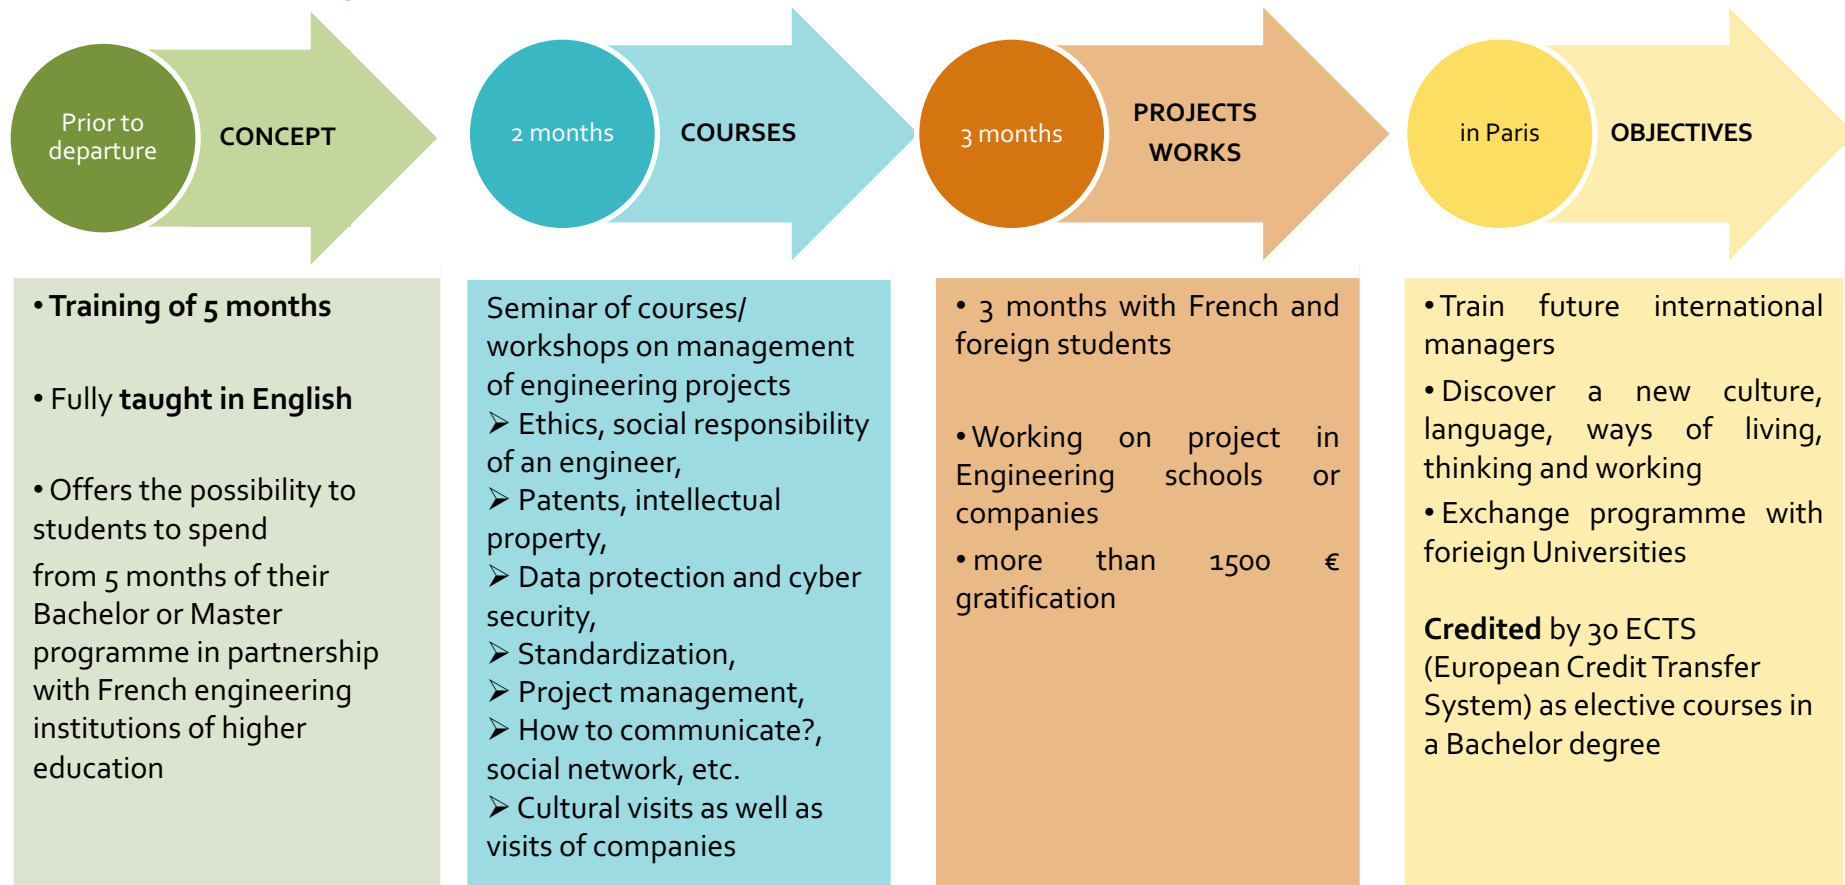

During a
Bachelor

• Governance of Engineering and Technological programmes - GET

English taught- 5 months

2 sessions : February 1st and October 1st

After a
2-year
diploma

• Pre-DI (Diplôme d'ingénieur) 1 year

in partnership with **CESI**
ei.CESI
ÉCOLE D'INGÉNIEURS

before
departure **SELECTION**

Undergraduates students,
2 or 3-year diploma
A2 French level
B1 English level

arrival
in France **WELCOME**

- Dedicated assistance from arrival in France (transfer, guaranteed housing, insurances...)
- Assistance with administrative procedures
- Cultural immersion and visits (Paris)
- Optional Package for Linguistic Integration (PIL) to boost the French level

1 semester
September
to
February **COURSES**

Total hours for 12 months:

- Mathematics: 190h
- Sciences and technology: 345h
- Engineering sciences: 70h
- Languages: 330h

• Assistance with Master's degree training seeking

• **Orientation**

1 semester
March
to
September **COURSES**
n+i SCHOOL

- Preparation for Master's Degree through classes, practical work... in the Network « n+i » school where the Master's degree training will take place
- Company search assistance

• **Admission to Diplôme d'ingénieur (Master's degree) (conditional)**

➔ After a PreMaster

Option 1

a guaranteed student-status Diplôme d'ingénieur (Master's degree)
(if premaster is validated)

Option 2

an employee-status Diplôme d'ingénieur (Master's degree)
(under conditions)

all
levels

• Rendez-vous (English taught)

15 days

Culture

- Cultural visits

Sample locations:

- La Réunion island
- Paris
- Toulouse
- Brest
- Montpellier

Language

- English
- Discover French language

Engineering

- Conferences and debates
- Visits of laboratory and industrial sites

ECTS

Pre formatted programs : June

Tailor-made programme
for groups from 15 students
Thematic, dates and duration

Sample of topics:

- Sustainable development of a city as Paris
- Aeronautics/Aerospace (Toulouse/Paris)
- The management of the Ocean: trends and challenges
- Sustainable development for isolated populations
- Urban transports, +....

• Programmes

after a
Master

- **Post-Master** 1 year A high level specialisation based upon clearly established business needs and requirements, after a Master's Degree

- **FIER-DOC** 5 months French Innovative Experience in Research, a research experience including 2 months of training and 3 months of research

After a
FIER-DOC

- **Doctoral/PhD** 3years Funded by US scholarship, French scholarship (CIFRE, or EIFFEL)

after a
Master

• FIER-DOC

English taught -5 months

in partnership with

2 sessions : February 1st and October 1st

Prior to
departure

SELECTION

PhD students or Master's graduate
English level B2 (fluent)
No minimum of French required

- interview
- preliminary acceptance of the application file and formal offer of welcome of the French laboratory

2 months
in Paris

SEMINARS

- personalized welcome on arrival in France (transfer, guaranteed accommodation, insurances on request)
- Completing all administrative formalities
- Cultural immersion, visits
- Training seminar in « international governance of research »

3 months
or more
in a
laboratory

RESEARCH

- transfer and settling into the host laboratory
- presentation of the laboratory and its general research policies
- participation of the candidate in laboratory research programmes and conferences, tutorials, courses
- More than 1500 € gratification

2 days
in Paris

FINAL SEMINAR

- remittal, by each participant, of an activity report
- presentation of the research work

Validation of international experience in France, issuing a certificate (30 ECTS credits)

In all cases the FIER-DOC can lead to a certificate and 30 ECTS credits.

➡ Post FIER-DOC: start a 3-year Doctoral programme

Option 1

with a French company: the Cifre fellowship programme (under conditions)

MINISTÈRE
DE L'ÉDUCATION NATIONALE,
DE L'ENSEIGNEMENT SUPÉRIEUR
ET DE LA RECHERCHE

Option 2

with a public research laboratory

How to apply to Network "n+i" ?

Register online: www.nplusi.com.

No other form of registration is accepted!

The screenshot shows the nplusi.com website interface. At the top, there is a navigation bar with a Facebook icon, language selection (English), user status (You are an international student), and links for List of schools, Find a program, Search, Register, and Login. Below this is a secondary navigation bar with the n+i logo and links for Studying in France, Study with "n+i", Preparing for registration, Network "n+i", and FAQ. The main content area is titled "New registration" and includes the text: "You are a student and do not have yet a n+i ID : register and apply online !". It then presents two options: "You want to register as a candidate for studying in France." and "You are a french student of an engineering institutes member of n+i and would like to study abroad ?". The first option is highlighted with a box containing the text "Engineering studies in France" and "For : Foreign students" with a right-pointing arrow. Below the second option, it says "Please check on : francais.nplusi.com".

A) PERSONAL DETAILS

1) About yourself

Title : ☐ Mr ☐ Mrs ☐ Miss

Surname (Family name) * : Your surname must be the same than on your passport and birth certificate

First name (Given name) * : Your first name must be the same than on your passport and birth certificate

Country of nationality * :

Do you have a double nationality with France ? ☐ Yes ☒ No

Date of birth * :

Place of birth * : Your place of birth (city or province) must be the same than on your passport and birth certificate

Country of birth * :

Marital status * :

Do you plan to come to France with your family : ☐ Yes ☒ No

If yes, how many persons in total should be concerned (including you) :

Do you have a Passport ? (if not, please apply as soon as possible) * : ☐ Yes ☒ No

If yes, what is the date of expiration : month: year:

In which country will you apply for your French visa (consulate) * :

Consulate city : (China only)

Do you need to complete your military service before your arrival in France ? * : ☐ Yes ☒ No, or not applicable in my country

Parent's occupation * :

2) Correspondence to receive official documents

Main address for correspondence
Note that this address will be used to send your official documents (admission letters etc.).

Address (street, flat, floor) * :

All tabs must be completed!

How to apply to Network “n+i” ?

Scan and upload the authenticated documents required.

Do not send your documents by air-mail. Only uploaded documents are accepted.

If some documents are missing, your application will not be validated and seen by “n+i” engineering institutes.

Les études en ingénierie en France

My file | My offers | Messages/Support | Interviews and Tests | My payments | My account

Dashboard | Electronic form | Official form | **Upload authenticating files** | Your arrival in France | Resignation | Profile Update | Témoignages | Ev@lang

Upload your "Authenticating documents"

You must scan and upload all authenticating documents for your electronic form.
A n+i administrator will validate your electronic form regarding these uploaded documents.

Tag this new file as
Select...
Choisissez un fichier | Aucun fichier choisi | Submit

Only pdf file format will be accepted. File names must be in english characters or numbers only, no spaces.

Files remaining to be uploaded:

- Diploma
- Grades
- Motivational Letter
- Professional Goals
- Reference Letter (if sealed: must be opened)
- Signed Dossier
- Student Charter signed

Tips

- Official documents (degree certificates, birth certificate, transcripts etc.) must translated by a sworn translator in French or English.
- Do not split a document (student charter, signed dossier, etc.) into many single PDF files. Always scan your document with several pages into a single PDF file, with several pages inside.
- The average size of a single page should be around 150Kb.

If your files are too large, you probably should:

- Scan your documents in Black and White
- Set the resolution on 150 dpi or 96 dpi

Your remaining upload space: 10009 k

Files uploaded	Size kb	Tag	Status	Comment
Delete 42290_Passport.pdf	231	Birth Certificate (if no passport available)		

All these documents are compulsory!

How to apply to Network “n+i” ?

To start the validation procedure, applicants must pay **administrative fees of 50€**

After the payment, your personal webpage will be updated.

The screenshot shows a web browser window with the URL https://www.nplusi.com/student/mes_paiements.php?module_index=55&sous_module_index=258. The page header includes the n+i logo and the text "Les études en ingénierie en France". A navigation bar contains links: "My file", "My offers", "Messages/Support", "Interviews and Tests", "My payments" (highlighted), and "My account". Below the navigation bar, a red-bordered box contains the following text:

Setup fees for this application has been **paid**

You must fill as soon as possible your electronic form before validation.
We will make you a first answer on the review of your application within 10 days

Below this box, under the heading "My 1 payment(s) done", there is a table with the following data:

Date	Payment	Amount	Currency
2016-09-21 14:24:57	Administrative fees	50	EUR

The administrative fees allow you to:

- Begin the examination process **for validation**, and visibility to “n+i” institutes,
- be invited **to join the interview and the “n+i” MCQ test in Mathematics** when your file will be completed,
- to start the n+i administrators review and **the examination process for validation** of your electronic form.

Administrative fees are not refundable.

Interviews

The objective of the interview is to discuss your project of study and motivation for studies in France.

The interview is compulsory to access to your offers!

You will receive propositions of interviews directly on your personal webpage.
Think to set your availabilities.

Distant interviews | Test results

IMPORTANT : Institutes consult priority candidates interviewed and with results of QCM. Not completing all procedure steps may compromise your recruitment opportunities.

Your availability for being interviewed:
Your availability for being interviewed: [Add availability](#)

You have received the following proposals for an interview:
None received for the moment, please be patient.

Advises:
1. **Propose many availabilities:** you will have more chances to receive a proposal convenient for you. If not, try to make yourself available at the dates/hours proposed by the interviewer.
2. **When setting your availabilities:** do think about the time difference with France: <http://www.worldtimebuddy.com>.
3. **Format of hours:** times are given on 24h: 06h00 (am), 12h00 (noon), 18h00 (pm) etc.
4. **Do not convert the times given:** these times are based on your local time according to your computer's settings.

Need help:
if you meet any problem (using skype, validate an interview...) or if you miss an interview, please send us a [support ticket](#)

MCQ (Multiple Choice Questions) in Mathematics

Designed by professors of Network "n+i" institutes, this test are strongly recommended for a better orientation.

This online test in Mathematics is organized **for each session**.
You can train with a blank test before the official MCQ test.

You will be informed on your personal page about the next test, **check your dashboard regularly!**

Engineering institutes offers

Results are published on your personal webpage according to the Schedule deadlines.

www.nplusi.com/articles/185/Schedule

You can discover:

- ▶ the list of the institutes which have pre-selected you,
- ▶ the tuition fees and living expenses for each trainings,
- ▶ the result of grants and funding requests to date,
- ▶ the Network "n+i" packages recommended by the institutes.

You must reply directly on your personal "n+i" page.

When you will have ranked your offers Network "n+i" will publish the result on your personal page with a quotation.

You must sign the "n+i" quotation and pay a deposit to confirm your interest.

Admission to the institute will be definitive once full payment of the invoice will be received.

Funding and scholarships

CampusBourses delivers instant information on financial aid by allowing you to perform searches customized to your needs. From the *licence* (bachelor) to the postdoc levels.
